FOREWORD

The fourth edition of the Hartwell Directory is being sent to you with a good deal of misgiving. It contains the names of all Hartwells or Hartwell descendents in the United States and Canada whose addresses were known in September, 1946. But there has been a great deal of moving about since the last Directory in 1941, and as we have not been notified of many of these changes, there are a large number of wrong addresses in the book. There are also many names in the last book that have had to be omitted in this edition, as their new addresses are unknown. In these respects the book is a disappointment.

You are all urged to keep the Corresponding Secretary informed of new addresses, and also of birth and death dates, so that records may not be obsolete when the Genealogy is published.

All persons named in this booklet, as well as many others of the Hartwell name or blood, are eligible to contributing membership in the Association. You are cordially invited to join.

The written purposes of The Hartwells of America are to "hold meetings and preserve records, memorials, histories and genealogies. . ." but it is hoped that our activities will result in new handclasps and the formation of pleasant and lasting friendships among us. This fostering of a spirit of good fellowship transcends our written objectives.
